PROJECT SUMMARY:

Site construction for this project consisted of preparing an 8 acre wooded tract for the construction of a 71 unit townhouse community, and all supporting infrastructure.

PROJECT VICINITY MAP:

Scope of work for Kenneth West, Inc. on this project included clearing & grubbing, erosion control installation / maintenance, site grading, site utilities, and curb / pavement construction; including improvements to Tryon Road.

ADDITIONAL SUBTITLE HERE.

When you're writing a flyer, write it so that someone who has never heard of your company can understand what you're offering as quickly as possible. Stay away from using jargon, acronyms, or complicated terms.

If you're not sure what to write, make a list of "what we do" and then a list of "why our products or services are the best." Use that information to create your flyer.
